

# Scale Up! MTSS-Arts Academy

## Student Success through Technology and Arts Integration Project

The California Department of Education has funded the Los Angeles County Office of Education (LACOE)-Center for Distance and Online Learning (CDOL) Scale Up! Project. Take the opportunity to join CDOL and other local educational agencies county-wide this summer for a five-day professional development explicitly customized to support districts, schools, and communities with capacity building-increasing their Multi-Tiered System of Support (MTSS) and Arts Integration knowledge and strategies using effective technology support.

During the Scale Up! MTSS-Arts Academy sessions, participants will journey through training venues such as: The Colburn School, Disney's Youth Education, Universal Studios Hollywood Youth Programs, 24th Street Theatre, TwoBit Circus, and Conga Kids Foundation, infusing evidence-based integration strategies and developing a collaborative implementation model that focuses on well-rounded education, academic achievement, and digital literacy for all students. Learn and experience all this with teaching artists and LACOE/MTSS experts facilitating and mentoring you along your Scale Up! MTSS-Arts Integration implementation pathway.

### Districts will receive the following at NO COST:

- \$6,000 Stipend and implementation tools to support Scale Up! District System of Support.
- 5-Day in-person professional development workshop to support local capacity building and implementation of the MTSS Framework and arts integration through effective use of technology.
- 24/7 On demand access to online learning modules for Arts-SEL integration, LACOE MTSS-Arts OER and online training videos/resources, and PLC social network.
- Digital device for each participant with pre-loaded content.
- Customized presentations geared toward local capacity building for Scale Up! District System of Support.
